Apparatus Catch-Up Bookkeeping

Catch-Up Bookkeeping for Past Years' Operations

Our catch-up bookkeeping services can help you get your books fully up-to-date...you'll even have tax-ready financials to hand to your CPA!

With our catch-up bookkeeping, we'll get your books up to date by:

- 1.) Entering all your sales and deposits for your past years;
- 2.) Entering all your business expenses for your past years;
- 3.) Reconciling your business bank and credit card accounts for your past years;
- 4.) Generating an income statement and balance sheet for each past year.

With these reports in hand, you'll be able to have your CPA file your taxes for those past years.

Just think...headache gone!
